

Papaya Sherbet

Huge returns with maximum potency.

- **Bittersweet flavors.** Exquisite, smooth flavor profile.
- **Big and Strong.** Inheriting the best from her parents.
- **Top-notch potency.** Up to 30% strength.
- **Effortless growth.** One of the most stress-resistant varieties.
- **XXL returns.** Up to 1300 gr per plant!

Combining the massive stature of Papaya (Oni Selection) with the strength and resilience of one of our best keeper cuts (Sunset Sherbet), this seed develops into a big, expansive bush adorned with numerous bud sites that later transform into a generous return of medium-sized buds. Papaya Sherbet flowers deliver a signature flavor of premium plants with subtle citrus undertones that emerge upon inhaling. During growth, her aroma makes for a sweet yet pleasantly bitter fragrance, giving you an idea of what the smoke will taste like. Notably stress-resistant, Papaya Sherbet is a great choice for growers working in challenging environments. She is very forgiving and rebounds quickly from any adversity, allowing growers the freedom to experiment with confidence that she will take everything like a champion she is. This seed embodies resilience, flavor, and abundant returns in every grow cycle.
